

How to find Aude Astronomique at Cazal Rossignol

We are only 15 minutes from the motorway exit.

Please follow these simple directions:

From the A61 motorway take junction exit 20 sign posted Villefranche de Lauragais. After paying at toll proceed to first roundabout, take the first exit to the right and proceed to the 'T' junction. Turn left then cross over the railway crossing, turn right at the mini roundabout and follow this road to a tree lined avenue. Ensure you observe the speed limit (often a police radar is in operation). Exit the town on the main road. It is a long straight - look out for windmills on a hill ahead and look for a left turn sign posted Revel. Turn here onto a country road passing grain silos. Follow this road for several miles. Eventually the white lines will cease. Go straight on at the crossroads and look for railings on both sides of road, which lead to a small road on the right to St Paulet. Follow this road to the Chateau. The road then descends steeply into St Paulet. At a junction by the church take the road on the right by the cross. Proceed down the hill and take the first road on the right leading to Cazal Rossignol. The gate leads into garden ... Welcome!
